Publishers Weekly-1/19/2009: The third book in this genre-busting series is set to increase Kinney's presence on bestseller lists, where previous titles have taken on residence for the past two years. Kinney's spot-on humor and winning formula of deadpan text set against cartoons are back in full force. This time, Greg starts off on New Year's Day (he decides to help other people improve,!? tells his mother, I think you should work chewing your potato chips quietly!?) and end with a summer vacation. As he fends off his father's attempts to make him more of a man (the threat to military school looms), Greg's hapless adventures include handing over anonymous Valentines expressing his true feelings (Dear James, you smell!?!), trying to impress his class holly and single-self wrecking his football team's perfect season. Kinney allows himself some inner humor as well, with Greg pointing the racket!?! children's book authors are going. All you have to do is make up a character with a nifty name, and then make sure the character learns a lesson at the end of the book.!? Greg, self-centered as ever, may be the exception to proving that rule. Age 8!12. (Jan.)
